Dear customers!

Wha il vina is spinning and textile weaving company.

We produce spun yarn and grey fabric and supply those to each makers. Grey fabric is mostly used for making hats, clothes, shoes, backpacks and etc., that makes our lives more fashionable and convenient.

And for more, some grey fabric is used for abrasive fabrics.

In 2005, "WHAIL INDUSTRIAL CO., LTD" invested 100% of capital to establish 'WHA IL VINA'. With 20 years of knowhow and high technical skill of 'WHAIL INDUSTRIAL CO.,LTD' comes together with high-quality human resource in Viet nam, It creates a synergy and high quality fabric and yarn High quality fabric and yarn is supplied in vietnam market and exported to overseas countries, including korea.

We strongly believe that our high quality and competitive products will bring convenience and satisfy customer's needs.

Executives and staff members of Wha il vina will continuously produce high quality products so that we can contribute customer's success.

Furthermore, We will do our best to support for developing textile industry of Viet Nam and local economy

Thank you
